

AN2-MOS

The AIMWIN AN2-MOS Glock adapter plate is precision-crafted from high-grade stainless steel, delivering superior strength that exceeds industry durability standards. Featuring an ultra-thin profile at just 0.1 inch (2.6mm), this specialized plate maintains exceptional toughness while resisting long-term wear and fracture.

Dimensions

Accessories

- L-shaped wrench
- 6mm M3 screws X3
- 8.5mm M3 screws X3

FEATURES

Ultra-thin design

Compact and light weight

Super hard stainless steel material

1. Ultra-thin design only 2.6mm / 0.1in

2. Super hard stainless steel material

(Stainless steel HRB<92 / 6061 aluminum HRB≈60 / 7075 aluminum HRB≈80)

3. Compact and lightweight
